

## **NEUROLOGIST JOINS THUNDERBIRD INTERNAL MEDICINE**

**GLENDALE, ARIZ.** (JULY 3, 2014) — Neurologist Darry Johnson, M.D., is joining Thunderbird Internal Medicine.

A graduate of the the University of Kansas School of Medicine, he completed his internship at the University of Missouri, Kansas City, before moving to the University of Arizona Health Sciences Center in Tucson for his neurology residency and neurophysiology fellowship.

Dr. Johnson has been in private practice in the Valley since 1996. He diagnoses and treats adults facing disorders of the nervous system including Alzheimer's disease and other forms of dementia; migraines and other headache types; peripheral neuropathy; restless legs syndrome; Parkinson's disease and other movement disorders; seizures and epilepsy; multiple sclerosis; neuropathic pain syndromes; TIAs and stroke prevention. He has had long-term success in administering Botox® to help prevent or control chronic migraines and movement disorders.

Board certified in neurology, Dr. Johnson will perform electromyograms (EMG) and nerve conduction studies on-site and will see patients at 5620 W. Thunderbird Road #C-1 and at 9150 W. Indian School Road #118 in Phoenix.

Serving the Valley for more than 30 years, Thunderbird Internal Medicine offers patients internal medicine care, dermatology, podiatry, neurology, audiology, colonoscopies and hemorrhoid clinics. For more information or to schedule an appointment, please call 602.938.6960 or visit [www.thunderbirdim.com](http://www.thunderbirdim.com).
