

Indian School Road office hosts open house!

Thunderbird IM's Phoenix office is hosting an open house from 9 to 11 am on Saturday, October 20th. Everyone is invited and encouraged to bring a friend or family member who might be looking for a premier, experienced internal medicine specialist.

Located at 9150 W. Indian School Rd Suite #118, the office now has three board certified physicians: Grace Yu, MD,

Mindy Tatera, MD and the practice's newest physician, Daniel Schlosser, MD. A graduate of the University of Kansas School of Medicine, Dr. Schlosser completed his residency at Good Samaritan Regional Medical and joined the practice in July. He is currently accepting new patients.

Please stop by to enjoy refreshments, meet our providers and register to win a gift certificate!

Dr. Riveland Transitions to CEO

Thunderbird Internal Medicine managing physician partner Brian Riveland, MD will be assuming the role of chief executive officer on November 1st. Due to the added responsibilities, he will relinquish his day-to-day patient care to his physician colleagues.

"I will very much miss my patients," said Dr. Riveland, "but I will take what I have learned from them and work to enhance the patient experience."

A letter was sent to each of Dr. Riveland's patients in September outlining the change and encouraging them to select a new Thunderbird IM internist for their ongoing care.

Cold & Flu Season Flu Shots Available

Flu shots are now available at the Phoenix office and at the C-1 and F-1 Glendale locations on a walk-in basis during regular hours. No appointment is needed.

The vaccine is designed by the Centers for Disease Control to address the flu strains most likely to spread during the 2012-2013 flu season and is inactivated which means that it contains viral particles that are not alive.

Cost is \$25. We are happy to bill insurance, if appropriate, for our existing patients. In addition to the annual flu shot, hand-washing and alcohol-based hand rubs are the keys to preventing the spread of colds and flu.

Office Hours

All Thunderbird Internal Medicine offices are open weekdays from 8 am to 5 pm. Extended hours are offered by appointment at our 5620 W. Thunderbird Road, suite C-1 and F-1 locations from 7 to 8 am weekdays and during some evenings. For urgent medical matters, the suite F-1 office has appointments available Saturdays from 8 am to 1 pm.
